MINI FALLEN LEAVES

Piece a little mini quilt using these two 2 1/4" foundation pieced blocks. The tessellated design they create will be a wonderful reminder of the wonderful colors of fall. Use two fabrics (A & B), alternating and rotating the two blocks, to create the design shown. Make the two color motif as shown in these illustrations, or a multi-colored version using your fall colored scraps. If you'd prefer to make a slightly larger version of this same design using some of our pre-printed tissue paper foundations, check out the 3" blocks in the V233 Fallen Leaves (Little Bits) pattern.

Enjoy!
